Travel like a local,

Travel like a local,

without being a local.

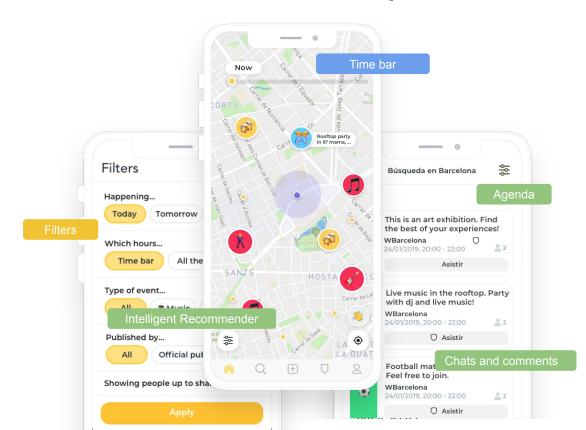

So we created the 1st collaborative real-time events map

So we created the 1st collaborative real-time events map

What's happening right now around?

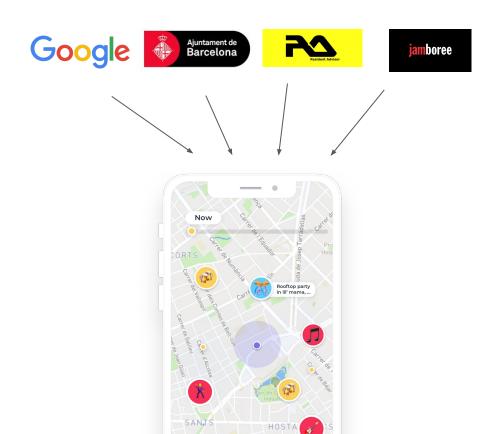

I want to **go** somewhere right now Uber Cabify eCooltra

I want to **have** something right now Glovo Deliveroo Ulabox

I want to do something right now Sharify

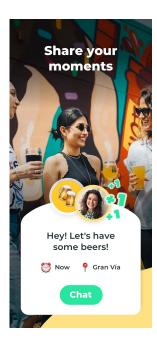

We automatically scrap the events offer (musical, sportive and cultural)

And we let users participate by freely sharing their own plans
