

A circular graphic with a white border. Inside, a wind turbine is shown from a low angle, with its tower and nacelle visible. The sun is setting behind the turbine, creating a warm, golden glow. A small drone is flying in the sky to the right of the turbine. The background shows a landscape with fields and trees under a hazy sky.

EBRE  DRONE

On the field

what we do?

+ 10000 ha sprayed

+ 1000 asset inspection

Energy Inspections

EBRE DRONE Wind Turbine Inspections

A circular graphic with a white border containing a photograph of a drone flying over a field of tall grass at sunset. The text "Agri Precision" is overlaid in the center of the image.

Agri Precision

AgriPrecision

Teledetection

360° Farming management and monitoring.

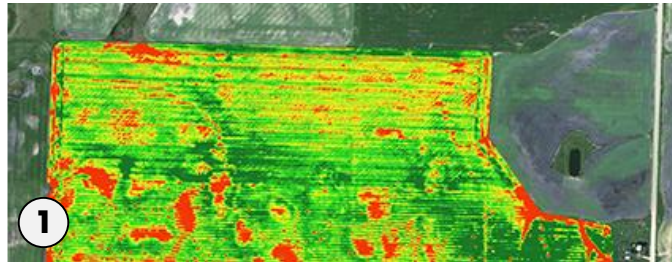

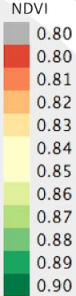

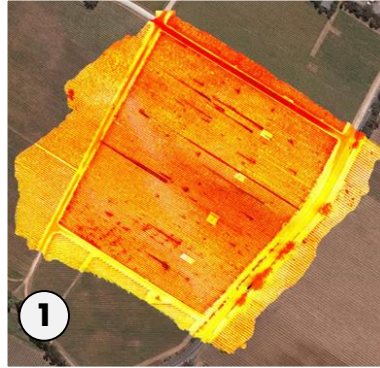

Multisensor data crop analysis.

Advisoring and decision making.

Aerial drone spraying:

Precision application with liquid, solid and powder.

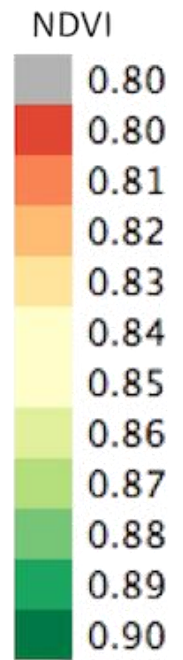

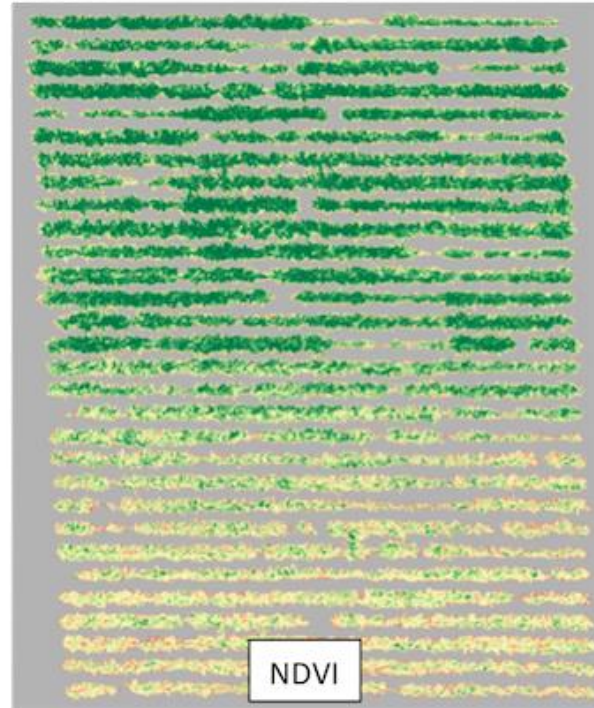

License number 1 in Spain (pioneers in Europe)

① **Case study** | Vineyard monitoring
(Vigor analysis & Water Stress)
Terra Alta (Catalonia), 2019

② **Case study** | Precision spraying
in organic rice field
Amposta (Catalonia), 2019

Teledetecció amb drone

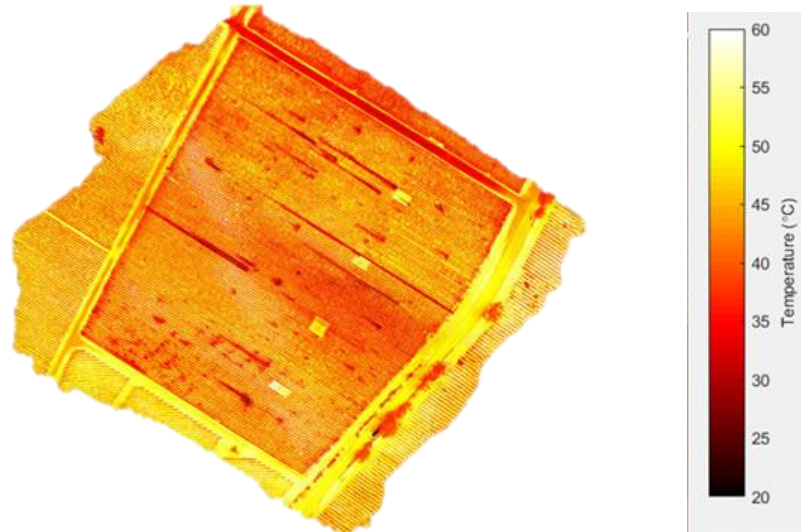

Estrès hídric

Dèficit de la disponibilitat d'una planta en obtenir **aigua**. Això pot comportar una **disminució** en el rendiment.

Mitjançant les mesures tèrmiques podem veure la **variabilitat** en concepte de temperatura dins d'un mateix camp per tal d'analitzar la situació.

What we did?

2019

Pioneers in aerial spraying applications.

Multi crop 30 Ha. tested

2021

Massive drone applications.

DaaS: 2000 Ha.

EBREDRONE's birth

1st license & customers

Game changer

First Spanish drone company licensed for aerial spraying.

DaaS: 600 Ha.

2020

What we do?

DRONE PRODUCT

10 L. / 22 L. autonomous spraying drone

Best drone technology available in the market

European focused market

User friendly / Do it yourself

DRONE TRAINING

First official applicator pilot course in Catalonia

Best on-the-ground experienced professors

Online + real practice sessions

Specific spraying drone training

DRONE SERVICE

360° spraying drone services (since 2019)

+ 2000 Ha. sprayed. Spraying drone pioneers in Spain.

Multiple crops expertise: rice, vineyards, citrics, cereal, etc.

Fertilizer, ecologic and phytosanitarian products

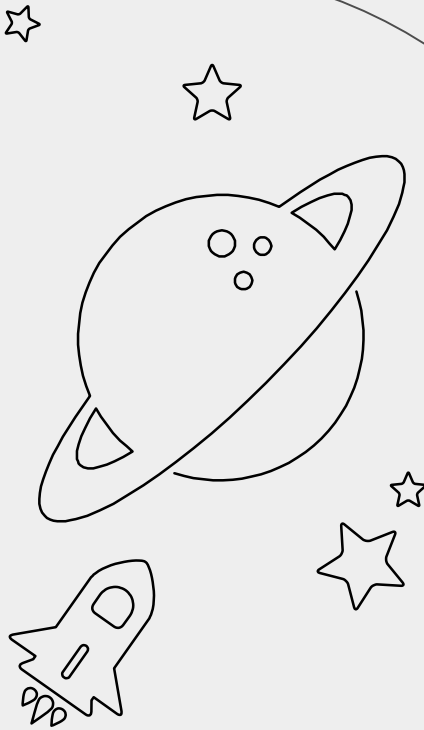

They trust us:

Proud members of:

Think **big**
